Pacific Statistical/Economic Briefing

COVID-19 Economic Impacts – Half Yearly, 2020

Tourism Earnings

Tourism earnings for four Pacific Island Countries (PICs) of Fiji, Papua New Guinea (PNG), Samoa and Solomon Islands dropped significantly in absolute value in the first half of 2020 relative to the same period in 2019. This reflected the drastic fall in the number of visitor arrivals as travel bans and border closures persisted during the period.

Import demand for six PICs of Cook Islands, Fiji, PNG, Samoa, Solomon Islands and Tonga showed double digit fall in the first half of 2020 compared to first half of 2019.

Foreign Reserves

Foreign Reserves for six PICs of Fiji, PNG, Samoa, Solomon Islands, Tonga, and Vanuatu remained positive in the first half of 2020, as import demand and domestic activities slowed during the period.

Foreign reserves for all six PICs grew strongly in the first half of 2020, however, the continued fall in exports posed a serious threat to the level of foreign reserves that were built overtime.

Relevant policy responses required as exports and donor inflows built foreign reserves whilst import payments drained foreign reserves.
Private Sector

Except for Vanuatu, private sector credit for five PICs of Fiji, PNG, Samoa, Solomon Islands and Tonga increased in value terms in the first half of 2020 relative to the same period in 2019.
