QUESTIONER SHEET FOR LOTTERY WINNERS

Before the presentation of the Lottery prize the winners were interviewed:

1. Now that you are the 1th winner of 2014 lottery, how are going to spend your money?

I will use the money to pay my children's tuition and buy some things for their education.

2. What company you are now working?

I am still working for TSP Marine Industries.

3. For how many years you have been working with this company?

I have been working with TSPMI for 15 years already

4. What do you do onboard?

I am an electrician onboard and I am making sure that all electrical things are in good working conditions.

5. Since you've started how many tags did you find?

Since 1999 I guess I found more than 50 tags.

6. When you find the tags, what do you with the tags?

I kept on board until the vessel returns to port and I exchange the tag with TROs for additional cash allowance or trade it with other crew for cellphone load to contact my Family.

7. When you find tags, how do you get the fishery information to fill the tag recovery form?

I normally obtain the fishery information from the vessel log sheet and fill the tag recovery forms or ask assistance with the observer onboard and keep it for reward purposes.

8. Do the fisheries observers on board assist you, when you find the tags?

Yes

9. What do say about this tag lottery? Your point of view.

Its a big help for us and I hope I can still win in the next lottery as I still reported tags recently. Thank You so much for the chance SPC.
