We need your help to keep the Fisheries Address Book accurate!

Please contact SPC's Fisheries Information Section (cfpinfo@spc.int) regarding any error or out-of-date information that you've noticed in this edition.

Aidez-nous à maintenir l'exactitude des données du Répertoire des pêches !

Veuillez signaler à la Section information halieutique de la CPS (cfpinfo@spc.int) les erreurs ou les informations caduques que vous aurez relevées dans cette édition.

Note:

Grey areas in the maps represent Exclusive Economic Zones (EEZ) of the countries and territories of the Pacific Region. These maps do not necessarily reflect coastal state claims and are without prejudice to negotiations that countries may enter into. Data related to EEZ areas were extracted from Claus et al. (2016).

Dans chaque carte, les parties grisées représentent les zones économiques exclusives (ZEE) des États et territoires de la région Pacifique. Ces cartes ne reflètent pas nécessairement les revendications des États côtiers et ne préjugent nullement des négociations qu'ils sont susceptibles d'engager. Les données relatives aux superficies des ZEE sont extraites de Claus et al. (2016).

Population figures are estimates provided by the SPC Demography Programme.

Les données démographiques sont des estimations fournies par le Programme de démographie de la CPS.

UNSEENLABS

Unseenlabs provides a wide range of maritime stakeholders with accurate and up-to-date vessel position data, enabling an exhaustive maritime situational awareness. Whether it is to meet maritime companies data needs or help institutions and organizations fight against illegal and anti-environmental behaviors, such as IUU fishing transshipment or illegal waste dumping, Unseenlabs service is a tool to protect the oceans
