Part 1: INTRODUCTION

1.1 About the Pacific Community (SPC)

The Pacific Community (SPC) is the principal scientific and technical organisation of the Pacific region, established by treaty in 1947 with the signing of the Agreement Establishing the South Pacific Commission (the Canberra Agreement).

SPC has our headquarters in Noumea, New Caledonia and has regional offices in Fiji, the Federated States of Micronesia and Vanuatu, as well as an office in France. SPC works across the Pacific and has staff in nearly all of our Pacific Island Country and Territory members.

SPC works for the well-being of Pacific people through the effective and innovative application of science and knowledge and is guided by a deep understanding of Pacific Island contexts and cultures. Our unique organisation covers more than 20 sectors and is renowned for knowledge and innovation in such areas as fisheries science, public health surveillance, geoscience and conservation of plant genetic resources for food security.

For more information about SPC and the work that we do, please visit our website: <https://www.spc.int/>.

1.2 SPC's procurement activities

SPC's procurement activities are guided by the principles of high ethical standards, value for money, open competition and social and environmental responsibility and are carried out under our Procurement Policy.

SPC's *Procurement Policy* provides the framework for ensuring that SPC obtains the best value for its purchases, in terms of both cost and quality; demonstrates financial probity and accountability to its members and development partners; manages and prevents the potential for conflicts of interest; reduces its environmental impact and manages any other risks.

At SPC, all procurement follows the same main steps: planning; statement of needs; requisition; solicitation; evaluation; award; receipt; and payment. Different procedures apply depending on the value of the goods, services and works to be procured.

For further information or enquiries about SPC's procurement activities, please visit the procurement pages on our website: <https://www.spc.int/procurement> or email: procurement@spc.int.

1.3 SPC's Request for Proposal (RFP) Process

At SPC, procurement valued at more than EUR 45,000 must be advertised through a Request for Proposal (RFP) with any bids received evaluated by SPC's Procurement Committee to determine the offer that provides the best value for money.

This RFP sets out SPC's requirements and it asks you, as a bidder, to respond in writing in a prescribed format with pricing and other required information. The RFP contains detailed instructions and templates to enable you to submit a compliant bid. It sets out the overall timetable; it confirms the evaluation criteria that SPC will use to evaluate proposals; it explains the administrative arrangements for the receipt of the bids; and it sets out how bidders can request further information.

Your participation confirms your acceptance of SPC's conditions of participation in the RFP process.

Part 2: INSTRUCTIONS TO BIDDERS

2.1 Background

SPC invites you to submit a bid to deliver the services as specified in [Part 3](#).

SPC has advertised this RFP on its website and may send it directly to potential vendors. The same specifications, submission and other solicitation requirements will be provided to all vendors.

SPC has compiled these instructions to guide prospective bidders and to ensure that all bidders are given equal and fair consideration.

Please read the instructions carefully before submitting your bid. For your bid to be considered, you must provide all the prescribed information by the closing date and in the format specified.

2.2 Submission instructions

Your submission must be clear, concise and complete and should only include information that is necessary to respond effectively to this RFP. Please note that you may be marked down or excluded from the procurement exercise if your submission contains any ambiguities or lacks clarity.

Your proposal must include the following documents (annexes of [Part 5](#) of the RFP):

- a) Bidder's Letter of Application (Annex 1);
- b) Conflict of Interest Declaration (Annex 2);
- c) Information about the bidder and Due diligence (Annex 3) with copy of the business registration
- d) Technical proposal submission form (Annex4); with CV(s) and copy of diploma.
- e) Financial proposal submission form (Annex 5).

Your proposal must be submitted in **two separate emails**.

You must submit your **Technical proposal** (Annexes 1 to 4 and all their supporting documents) in English as an attachment to one email. No financial information may appear in the technical proposal.

You must submit your **Financial proposal** (Annex 5) in a separate email. All prices in the proposal must be presented in EURO. Your Financial proposal is to be password protected. SPC will request the password in the event that it is required.

Both emails are to be sent to procurement@spc.int with the subject line of your email as: **Submission RFP24-7267**.

Your proposal must be received no later than **24/11/2024** by **23:45 Noumea time**. Only one bid per bidder is permitted.

SPC will send a formal acknowledgement to each proposal received before the deadline.

SPC reserves the right to exclude from consideration any proposal not received by the deadline, with incomplete information or in incorrect form.

2.3 Clarifications

Pre-Bid Meeting

A Pre-bid Meeting will be arranged by SPC Procurement Team **on 08/11/2024**. The pre-bid meeting will be undertaken virtually. Bidders who are interested to attend the pre-bid meeting must register their attendance through the SPC procurement email (procurement@spc.int) by **4pm, Noumea Time on 06/11/2024**.

You may submit questions or seek clarifications on any issue relating to this RFP. The questions are to be submitted in writing to procurement@spc.int with the subject line: **Clarification RFP24-7267**. The deadline for submission of clarifications is **14/11/2024** by **23:59 Noumea time**.

Details will be kept of any communications between SPC and bidders. This assists SPC to ensure transparency of the procurement process. While SPC prefers written communication in the RFP process, at any point where there is phone call or other conversation, SPC will keep a record or a file note of the exchange with prospective bidders.

2.4 Evaluation

Validity

Each proposal will be assessed for compliance with the submission requirements by the Bids Opening Committee. At this stage, basic due diligence will also be undertaken.

To assist in the examination, evaluation and comparison of proposals, SPC may ask the bidder for clarification of its proposal or additional information. The request for clarification will be in writing.

Technical

All valid proposals will be assessed against the technical evaluation criteria set out in Part 4. The criteria are provided with weighted scores according to the relative importance of each. SPC will not change the evaluation criteria set out in the RFP at any stage of the procurement process. Any changes in the evaluation criteria will result in the RFP process being re-issued.

Bidders are expected to familiarise themselves with local conditions and take these into account in preparing their proposal. Where minimum qualifications are set as specific evaluation criteria (which may include educational qualification, professional accreditation or certification, licensing, experience and expertise), proposals submitted must necessarily meet these criteria.

Financial

Any bids that pass the minimum technical evaluation requirements will pass onto financial evaluation.

During the financial evaluation, if there is a discrepancy between the unit price and the total price, the lower price shall prevail. If there is a discrepancy between words and figures the amount in words will prevail.

The total cost of the proposal must be submitted inclusive of taxes in accordance with the applicable legislation and is not subject to revision.

2.5 Contract award

The purpose of this RFP is to implement Preferred Supplier Agreements (PSAs) based on work areas. Initial contract will be for one (1) year and can be renewed for three (3) more years based on performance. Implementation contracts or POs will be issued for specific work under the PSA.

SPC may award the contract once the Procurement Committee has determined that a bidder has met the prescribed requirements and the bidder's proposal has been determined to be the most responsive to the RFP documents, provide the best value for money and best serve the interests of SPC.

SPC's [General Terms and Conditions of Contract](#) will apply to any contracts awarded under this RFP, unless otherwise agreed. Any requested changes to the General Terms and Conditions of Contract must be foreshadowed in the submission. In the absence of requests for changes, the General Conditions of Contract and the terms of the PSA contract shall be deemed to be known, understood, and accepted by the bidder. [A sample PSA is attached to this RFP.](#)

The award of the contract will be made by contract signed and dated by both parties.

2.6 Key dates

Please see the proposed procurement timetable in the table below. This timetable is intended as a guide only and while SPC does not intend to depart from the timetable, it reserves the right to do so at any stage.

STAGE	DATE
RFP advertised	25/10/2024
Pre-bid meeting	08/11/2024
Deadline for seeking clarification	14/11/2024
RFP Closing Date	24/11/2024

2.7 Legal and compliance

Child and vulnerable adult protection: SPC is committed to the well-being of children and vulnerable adults. All SPC contractors are required to commit to the principles of SPC's Child and Vulnerable Adult Protection Policy ([XI.G Manual of Staff Policies](#)). Breach of this requirement can result in SPC terminating any contract with a successful bidder. Any allegations of potential misconduct in relation to this RFP involving children or vulnerable adults should be sent to complaints@spc.int.

Confidentiality: Unless otherwise agreed by SPC in advance or where the contents of the RFP are already in the public domain when **shared** with the bidder, bidders shall at all times treat the contents of the RFP and any related documents as confidential. SPC will also treat the information it receives from the bidders as confidential.

Conflict of interest: Bidders must take all necessary measures to prevent any situation of conflict of interest. You must notify SPC in writing as soon as possible of any situation that could constitute a conflict of interest during the RFP process. If you have any familial connection with SPC staff, this must be declared, and approval will then be sought for you to engage in the RFP process. Breach of this requirement can result in the exclusion of the bidder from the RFP process or in SPC terminating any contract with a successful bidder.

Cost of preparation of proposals: Under no circumstances will SPC be liable for any proposal submission costs, expenditure, work or effort that you may incur in relation to your provision of a proposal (including if the procurement process is terminated or amended by SPC).

Currency, validity, duties, taxes: Unless specifically otherwise requested, all proposals should be in EURO and must be net of any direct or indirect taxes and duties and shall remain valid for 120 days from the closing date. The successful bidder is bound by their proposal for a further 60 days following notification they are the preferred bidder so that the contract may be awarded. No price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted at any time during this period.

Eligibility: Bidders are required to disclose to SPC whether they are subject to any sanction or temporary suspension imposed by any international organisation, or whether they are subject to bankruptcy proceedings. You may not be bankrupt or suspended, debarred, or otherwise identified as ineligible by any international organisation. Failure to disclose such information may result in debarment and termination of any contract issued to the bidder by SPC.

Fraud and corruption: SPC has zero tolerance for fraud and corruption. All contractors have an obligation to report potential fraud and corruption. Breach of this requirement can result in the exclusion of the bidder from the RFP process or in SPC terminating any contract with a successful bidder. Allegations of potential misconduct by an SPC staff member or contractor involving fraud or corruption can be sent to complaints@spc.int.

Good faith: The information in this RFP is provided by SPC in good faith. No representation, warranty,

assurance or undertaking (express or implied) is or will be made, and no responsibility or liability will be accepted by SPC in relation to the adequacy, accuracy, completeness or reasonableness of this RFP or any information provided by SPC in relation to this RFP.

Modifications: Any clarifications, corrections or modifications will be published on the SPC website prior to deadline. In the event a bidder has submitted a bid before the clarification, correction or modification, the bidder will be informed and may modify the bid. The modified bid will still need to be received before the deadline.

No offer of contract or invitation to contract: This RFP is not an offer to contract or an invitation by SPC to enter into a contract with you.

Privacy: The bidder is to comply with the requirements of applicable legislation and regulatory requirements in force for the use of personal data that is disclosed for the purposes of this RFP. SPC will handle any personal information it receives under the RFP in line with its [Privacy Policy](#), and the [Guidelines for handling personal information of bidders and grantees](#).

Right to amend, seek clarity, withdraw, not award: SPC reserves the right to: (1) amend, add to or withdraw all or any part of this RFP at any time, or to re-invite bids on the same or any alternative basis; (2) seek clarification or documents in respect of any bidder's submission; (3) choose not to award a contract as a result of this RFP; (4) make whatever changes it sees fit to the timetable, structure or content of the procurement process, depending on approvals processes or for any other reason. Please note that while SPC will not change the evaluation criteria set out in the RFP without the RFP process being re-issued, SPC does reserve the right at the time of award of contract to vary the quantity of services and goods specified in the RFP and to accept or reject any proposal at any time prior to award of the contract without incurring any liability to the affected bidder or any obligation to inform the affected bidder/s of the grounds for SPC's action.

Right to disqualify: SPC reserves the right to disqualify: (1) any bidder that does not submit a proposal in accordance with the instructions in this RFP; (2) any bidder that misrepresents information to SPC; (3) any bidder that directly or indirectly canvasses any SPC employee concerning the award of a contract.

Use of material: Bidders shall not use the contents of the RFP or any related material for any purpose other than for the purpose of considering submitting, or submitting, a bid to SPC.

Warranty, representation, assurance, undertaking: The bidder acknowledges and agrees that no person has any authority to give any warranty, representation, assurance or undertaking on behalf of SPC in connection with any contract which may (or may not) follow on from this RFP process.

2.8 Complaints process

Bidders that consider they were not treated fairly during any SPC procurement process may lodge a protest. The protest should be addressed to complaints@spc.int. The bidder must provide the following information: (1) full contact details; (2) details of the relevant procurement; (3) reasons for the protest, including how the alleged behaviour negatively impacted the bidder; (4) copies of any documents supporting grounds for protest; (5) the relief that is sought.

Part 3: Terms of Reference

1. Background

The Statistics for Development Division (SDD) comprises 30-45 long term staff within the Pacific Community (SPC). Its key objective is for the region to meet the outcome set out in the 2022-2030 Pacific Statistics Strategic Framework:

“Highly competent and sustainable national statistics systems that meet national and international statistics needs for evidence-based policy, planning and monitoring”.

The SDD is organised in three professional/technical teams. These are:

- Statistics leadership, governance and use
- Statistics collections (including census, survey and administrative data)
- Statistics infrastructure and dissemination

Each professional/technical team is led by a manager accountable for staff and other resources to deliver results against their work program. A fourth, small team is responsible for office management, finances and administrative support.

Required Services

SDD requires one or more data modelling experts to develop and maintain SDMX data structures and other metadata supporting statistical dissemination in the [Pacific Data Hub. STAT platform](#). The role involves collaborating with internal and external stakeholders regarding data modelling and data documentation, developing semantic assets fostering data interoperability, and supporting the setup of corporate data modelling and metadata management methodologies and infrastructure.

2. Scope of services

In consultation with the SDD Statistics Adviser (Process Modernisation) and Manager of Statistics Infrastructure and Dissemination, undertake the following:

1. Data modelling and interoperability

- a. Model statistical datasets according to the SDMX standard in collaboration with data owners, ensuring alignment with global best practices and in line with common structural metadata artifacts constituting the semantic backbone of the Pacific Data Hub. STAT database.
- b. Manage change requests from data owners related to data structures and referential metadata, ensuring compliance with the established common structural metadata artifacts.
- c. Identify and implement harmonisation actions for data structures, aiming to enhance interoperability and consistency across datasets within the Pacific Data Hub. STAT database.
- d. Provide data architecture and data modelling services, ensuring adherence to the established standards and promoting effective data management practices and alignment with corporate, regional and global best practices.
- e. Collaborate with other components of the Pacific Data Hub to ensure semantic interoperability and seamless integration of data and systems, notably regarding the management of topical taxonomies and mapping with metadata required by data catalogues.

- f. Consolidate requirements for SDMX data modelling software, ensuring compatibility and optimal use of tools within the Pacific Data Hub .STAT software ecosystem.
- g. Provide support towards the migration of PDH .STAT content to SDMX 3.0, notably leveraging its features to improve data and metadata modelling, re-use of metadata assets and semantic interoperability.

2. Metadata management (structural and referential metadata)

- a. Manage concepts and codelists used in PDH.STAT, ensuring their alignment with global standards, such as SDMX content-oriented guidelines and modelling best practices.
- b. Maintain mappings from miscellaneous data sources to the Pacific Data Hub .STAT data structures, ensuring accurate data integration and traceability, in alignment with PDH .STAT core metadata assets.
- c. Ensure quality and completeness of data descriptions through the review of titles, addition of descriptions, and improvement of descriptive metadata, supporting both English and French languages.
- d. Establish flows to ensure metadata completeness, accuracy and consistency for different type of data (re-)disseminated on .STAT: Aggregated statistics collected from national statistical organisations, SDG data collected from UN agencies, websites of various organisations from which data is periodically harvested, data aggregated specifically for publication on .STAT from the Pacific Data Hub Microdata Library.
- e. Use common reference metadata structures as templates for documenting all datasets published on the Pacific Data Hub .STAT platform maintained.
- f. Support metadata reengineering projects, including the refactoring of the common geographic dimension, the extensions of the PDH .STAT common reference metadata structure or the migration to SDMX 3.0.
- g. Ensure different types of metadata are accessible to users through various channels, such as websites, publications, dashboards, data catalogue, .STAT Data Explorer, plugins and APIs. Promotes and supports the dissemination of statistical concepts and classifications in both human-readable and machine-usable formats.
- h. Monitor metadata accessibility and perform metadata quality analyses feeding the periodic overall quality assessment of PDH .STAT content.
- i. Define software requirements and support the establishment of referential metadata systems as part of the PDH .STAT software ecosystem.

3. Standardisation and data governance

- a. Promote data architecture and data modelling standards and best practices across data-related projects and initiatives related to the Pacific Data Hub programme.
- b. Implement open data principles supported within SDD and the region, ensuring transparency, accessibility, and usability of data.
- c. Support data governance initiatives, notably in the areas of master data management practices, shared metadata repositories, and data/metadata inventories and typologies.
- d. Participates in SDMX standards and guideline development, contributing expertise and insights to shape the future of data standardisation and interoperability.
- e. Contribute to the rationalisation of inter-agency data exchange in the Pacific region by leveraging the SDMX standard and facilitating interoperability with other statistical systems.
- f. Define requirements for corporate and regional metadata registries to be setup as part of the PDH.STAT infrastructure, ensuring compatibility with standardisation efforts and long-term sustainability.

4. External support and partnership

- a. Collaborate with external stakeholders, particularly National Statistical Organisations (NSOs), to understand their needs and requirements around statistical data architecture.

- b. Provide expert guidance and support to member NSOs in data modelling and metadata management, ensuring alignment with regional and global standards and best practices.
- c. Collaborate with NSOs to identify and address data interoperability challenges, facilitating seamless data exchange within the Pacific Data Hub .STAT platform and other statistical systems.
- d. Provide training and capacity-building sessions on data modelling, data governance, and metadata management for NSO staff and relevant stakeholders.
- e. Support NSOs in implementing open data principles and best practices for transparency, accessibility, and usability of data.
- f. Gather feedback and insights from NSOs to inform the continuous improvement of the Pacific Data Hub data architecture, data governance, and standardisation efforts.

3. Expected outputs

Outputs will vary, and may include delivery of the following:

- a. Preparation, and when required loading, of SDMX artefacts of any types (in SDMX 2.1, SDMX 3.0 or later).
- b. Modelling of statistical areas for SPC or its members.
- c. Refactoring of data and metadata structures in the Pacific Data Hub. STAT instance.
- d. Reports and studies on data taxonomies, semantic interoperability and data/metadata standardisation.

4. Institutional arrangement

- I. Contractors will work under the direct supervision of the Statistics Adviser (Process Modernisation), of the Statistics for Development Division.
- II. Projects/tasks will be monitored and communicated via Trello or other task management software.
- III. Contractors will coordinate and adjust their work programs (where possible) to support priority census and survey related activities.
- IV. Contractors will be responsible to submit bi-monthly time sheets and documented evidence of work relating to the scope of this TOR.
- V. Contractors will sometimes be expected to travel to provide on-the-ground support/training, to join divisional meetings, and may be invited to speak at regional/international meetings/conferences.

5. Duration if the work

Contracts will vary in size though can be up to a maximum **duration of 12 months**.

6. Duty station and travel

Contractor(s) will be home-based.

Contractor(s) may require travel to provide assistance or training. All travel-related costs will be covered by SPC along with daily allowances, in accordance with SPC's travel policy.

7. Qualifications of the successful service provider

Respondents must demonstrate their experience and ability to deliver the one or more of the services described in **the terms of reference**. Respondents will be evaluated based on the following criteria:

- Bachelor's degree or higher in computer science, data science, statistics or a related field, or equivalent combination of degree and work experience.
- At least 10 years of working experience related to data modelling and metadata management, in the context of statistical organisations.
- Demonstrated experience with SDMX technical standards, formats, guidelines and software.

8. Scope of bid price and schedule of payments

Consultants will charge a daily rate and be paid upon acquittal of a bi-monthly invoice with time sheets and documented evidence of work based on the specific scope or work/TORs from the implementation contract.

Part 4: PROPOSAL EVALUATION MATRIX

4.1 Evaluation criteria & Score Weight

A two-stage procedure will be utilised to evaluate the proposals, with evaluation of the **Technical proposal** being completed prior to any **Financial proposal** being opened and compared.

The competencies which will be evaluated are detailed in [Part 3](#).

The evaluation matrix below also reflects the obtainable score specified for each evaluation criterion (technical requirement) which indicates the relative significance or weight of the items in the overall evaluation process.

The technical component, which has a total possible value of 700 points, will be evaluated using the following criteria.

Evaluation criteria	Score Weight (%)	Points obtainable
Mandatory requirements		
<ul style="list-style-type: none"> - Bidder's letter of application - Bidder's conflict of interest declaration - Due diligence questionnaire - Technical proposal submission form - Financial proposal submission form (password protected) - Copy of business registration - CV(s) - Copy of diploma(s) 	Bidders will be disqualified if any of the requirements are not met	
Technical requirements		
Education		
Bachelor's degree or higher in computer science, data science, statistics, or a related field, or equivalent combination of degree and work experience.	20%	140
Knowledge and experience		
At least 10 years of working experience related to data modelling and metadata management, in the context of statistical organisations.	30%	210
Knowledge and experience		
Demonstrated experience with SDMX technical standards, formats, guidelines and software.	50%	350
Total Score	100%	700
Qualification score	70%	490

4.2 Financial evaluation

The financial component of the proposal will be scored on the basis of overall costs for the delivery of the services and financial incentives and benefits provided to SPC. The lowest financial proposal will be awarded maximum 300 points and other financial offers and incentives will be awarded points as per the formula below:

$$\text{Financial Proposal score} = (\text{Lowest Price} / \text{Price under consideration}) \times 300$$

Part 5: PROPOSAL SUBMISSION FORMS

Annex 1: BIDDER'S LETTER OF APPLICATION

Dear Sir /Madam:

Having examined the Solicitation Documents, the receipt of which is hereby duly acknowledged, we the undersigned, offer to supply the required services for the sum as may be ascertained in accordance with the Financial Proposal attached herewith and made part of this proposal.

We acknowledge that:

- SPC may exercise any of its rights set out in the Request for Proposal documents, at any time;
- The statements, opinions, projections, forecasts or other information contained in the Request for Proposal documents may change;
- The Request for Proposal documents are a summary only of SPC's requirements and is not intended to be a comprehensive description of them;
- Neither the lodgement of the Request for Proposal documents nor the acceptance of any tender nor any agreement made subsequent to the Request for Proposal documents will imply any representation from or on behalf of SPC that there has been no material change since the date of the Request for Proposal documents, or since the date as at which any information contained in the Request for Proposal documents is stated to be applicable;
- Excepted as required by law and only to the extent so required, neither SPC, nor its respective officers, employees, advisers or agents will in any way be liable to any person or body for any loss, damage, cost or expense of any nature arising in any way out of or in connection with any representations, opinions, projections, forecasts or other statements, actual or implied, contained in or omitted from the Request for Proposal documents.

We undertake, if our proposal is accepted, to commence and complete delivery of all items in the contract within the time frame stipulated.

We understand that you are not bound to accept any proposal you may receive and that a binding contract would result only after final negotiations are concluded on the basis of the Technical and Financial Components proposed.

For the Bidder: *[insert name of the company]*

Signature:

Name of the Bidder's representative: *[insert name of the representative]*

Title: *[insert Title of the representative]*

Date: *[Click or tap to enter a date]*

Annex 2: CONFLICT OF INTEREST DECLARATION

INSTRUCTIONS TO BIDDERS

What is a conflict of interest?

A conflict of interest may arise from economic or commercial interests, political, trade union or national affinities, family, cultural or sentimental ties, or **any other type of relationship or common interest between the bidder and any person connected with the contracting authority** (SPC staff member, consultant or any other expert or collaborator mandated by SPC).

Always declare a conflict

The existence of a potential or apparent conflict of interest does not necessarily prevent the bidder concerned from taking part in a tender process. **However, the declaration of the existence of such a conflict by the persons concerned is essential and allows SPC to take appropriate measures to mitigate it and prevent the associated risks.**

Bidders are therefore invited to declare any situation, fact or link which, to their knowledge, could generate a real, potential or apparent conflict of interest.

Declaration at any time

Conflicts of interest may arise at any time during the procurement process or the implementation of a contract (e.g. new partner in the project) or as a result of a change in personal life (e.g. marriage, inheritance, financial transaction, creation of a company). If such a relationship is found and could be perceived by a reasonable person as likely to influence a decision, a declaration of the situation is necessary. In case of doubt, a conflict situation must be declared.

Declaration for any person involved

A declaration must be completed for each person involved in the tender (principal representative of the bidder, possible subcontractors, consultant, etc.)

Failure

Failing to declare a potential conflict of interest may result in the bidder being refused a contract or placed on SPC's list of non-responsible suppliers.

DECLARATION

I, the undersigned, *[name of the representative of the Bidder]*, acting in the name and on behalf of the company *[name of the company]*, declare that:

<input type="checkbox"/>	To my knowledge, I am not in a conflict-of-interest situation
<input type="checkbox"/>	There is a potential conflict of interest with regard to my <i>[Choose an item]</i> . relationship with <i>[name of the person concerned]</i> in his or her capacity as <i>position/role/personal or family link with the person concerned</i> , although, to the best of my knowledge, this person is not directly or indirectly involved in any stage of the procurement process
<input type="checkbox"/>	I may be in a conflict of interest with regard to my <i>[Choose an item]</i> relationship with <i>[name of the person concerned]</i> in his or her capacity as <i>position/role/personal or family link with the person concerned</i> , as this person is, to the best of my knowledge, directly or indirectly linked to the procurement process
<input type="checkbox"/>	To my knowledge, there is another situation that could potentially constitute a conflict of interest: <i>[Describe the situation that may constitute a conflict of interest]</i>

In addition, I undertake to:

- declare, without delay, to SPC any situation that constitutes a potential conflict of interest or is likely to lead to a conflict-of-interest;
- not to grant, seek, obtain or accept any advantage, whether financial or in kind, to or from any person where such advantage constitutes an unfair practice or an attempt at fraud or corruption, directly or indirectly, or constitutes a gratuity or reward related to the award of the contract;
- to provide accurate, truthful and complete information to SPC in connection with this procurement process.

I acknowledge that I and/or my company and/or my business partners who are jointly and severally bidding on the RFP *[SPC Reference]* may be subject to sanctions such as being placed on SPC's list of non-responsible vendors, if it is established that false statements have been made or false information has been provided.

For the Bidder: *[insert name of the company]*

Signature:

Name of the representative: *[insert name of the representative]*

Title: *[insert Title of the representative]*

Date: *[Click or tap to enter a date]*

Annex 3: INFORMATION ABOUT THE BIDDER AND DUE DILIGENCE

Please complete the following questionnaire and provide supporting documents where applicable.

VENDOR INFORMATION			
Are you already registered as an SPC vendor?			<input type="checkbox"/> Yes <input type="checkbox"/> No
1. Please provide information related to your entity.			
Company name	<i>[Enter company name]</i>	Address	<i>[Enter address]</i>
Director/CEO	<i>[Enter name of the executive person]</i>	Position	<i>[Enter position of the executive person]</i>
Business Registration/License number	<i>[Enter company registration/license number (or tax number)]</i>		
Date of business registration	<i>[Enter date of business registration]</i>		
Country of business registration	<i>[Enter country of business registration]</i>		
Status of the entity: <input type="checkbox"/> For-profit entity (company), <input type="checkbox"/> NGO, <input type="checkbox"/> International organisation, <input type="checkbox"/> Government body, <input type="checkbox"/> University, <input type="checkbox"/> Association, <input type="checkbox"/> Research Institute, <input type="checkbox"/> Other: <i>[insert details]</i>			
2. Please provide relevant documentation to support and verify the legal existence of the entity, the authority of its officer and proof of its address, such as:			
<input type="checkbox"/> Delegation of authority or power of attorney document <input type="checkbox"/> Certificate of business registration/license <input type="checkbox"/> Memorandum, Articles or Statutes of Association <input type="checkbox"/> Telephone, water, or electricity bill in the name of the entity <input type="checkbox"/> Bank account details bearing the name of the entity			
3. How many employees does your company and its subsidiaries have?	<i>[provide answer]</i>		
4. Do you have professional insurance against all risks in respect of your employees, sub-contractors, property and equipment?	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
<i>If 'No', what type of business insurance do you have?</i>	<i>[provide answer]</i>

Annex 5: FINANCIAL PROPOSAL SUBMISSION FORM

All costs indicated on the Financial Proposal should be **inclusive** of all applicable taxes. The format shown below should be used in preparing the price schedule.

SERVICES DESCRIPTION	Amount (EUR)
Professional fees	Daily rate: _____
Total professional fees (lumpsum)	
Other expenses (if any please specify)	
TOTAL [EUR]	

Professional fees: Staff salaries, consultant fees and any other professional costs (with details on the level of effort of each person on the team if applicable. i.e., 50% full time, full-time, etc.).

SPC will not cover separate lines for overheads/running costs, contingencies... If these apply, the costs are to be considered in the professional fees charged for the delivery of the specific services.

SPC does not provide or reimburse insurance for consultant's travel or health, professional indemnity or any other risks or liabilities that may arise during the consultancy (this includes any subcontractors or associates the consultant may hire). SPC is also not responsible for any arrangements or payments related to visas, taxes, or duties for which the consultant may be liable.

The Contractor's duty station is their home country with travel. If travel is required, SPC will pay or reimburse semi flexible economy airfares, meals, incidentals, and accommodation (DSA). All the travel expenses that will necessitate a reimbursement will require a pre-approval.

SPC will not cover any IT and communication equipment for the duration of the assignment. The consultant is to ensure stable internet connection for virtual interactions when necessary.

No payment will be made for items which have not been priced. Such items are deemed to be covered by the financial offer.

Bidders will be deemed to have satisfied themselves, before submitting their proposal and to its correctness and completeness, considering of all that is required for the full and proper performance of the contract and to have included all costs in their rates and prices.
