Part 1: INTRODUCTION

1.1 About the Pacific Community (SPC)

The Pacific Community (SPC) is the principal scientific and technical organisation of the Pacific region, established by treaty in 1947 with the signing of the Agreement Establishing the South Pacific Commission (the Canberra Agreement).

SPC has our headquarters in Noumea, New Caledonia and has regional offices in Fiji, the Federated States of Micronesia and Vanuatu, as well as an office in France. SPC works across the Pacific and has staff in nearly all of our Pacific Island Country and Territory members.

SPC works for the well-being of Pacific people through the effective and innovative application of science and knowledge and is guided by a deep understanding of Pacific Island contexts and cultures. Our unique organisation covers more than 20 sectors and is renowned for knowledge and innovation in such areas as fisheries science, public health surveillance, geoscience and conservation of plant genetic resources for food security.

For more information about SPC and the work that we do, please visit our website: <https://www.spc.int/>.

1.2 SPC's procurement activities

SPC's procurement activities are guided by the principles of high ethical standards, value for money, open competition and social and environmental responsibility and are carried out under our Procurement Policy.

SPC's *Procurement Policy* provides the framework for ensuring that SPC obtains the best value for its purchases, in terms of both cost and quality; demonstrates financial probity and accountability to its members and development partners; manages and prevents the potential for conflicts of interest; reduces its environmental impact and manages any other risks.

At SPC, all procurement follows the same main steps: planning; statement of needs; requisition; solicitation; evaluation; award; receipt; and payment. Different procedures apply depending on the value of the goods, services and works to be procured.

For further information or enquiries about SPC's procurement activities, please visit the procurement pages on our website: <https://www.spc.int/procurement> or email: procurement@spc.int.

1.3 SPC's Request for Proposal (RFP) Process

At SPC, procurement valued at more than EUR 45,000 must be advertised through a Request for Proposal (RFP) with any bids received evaluated by SPC's Procurement Committee to determine the offer that provides the best value for money.

This RFP sets out SPC's requirements and it asks you, as a bidder, to respond in writing in a prescribed format with pricing and other required information. The RFP contains detailed instructions and templates to enable you to submit a compliant bid. It sets out the overall timetable; it confirms the evaluation criteria that SPC will use to evaluate proposals; it explains the administrative arrangements for the receipt of the bids; and it sets out how bidders can request further information.

Your participation confirms your acceptance of SPC's conditions of participation in the RFP process.

Part 2: INSTRUCTIONS TO BIDDERS

2.1 Background

SPC invites you to submit a bid to deliver the goods as specified in [Part 3](#).

SPC has advertised this RFP on its website and may send it directly to potential vendors. The same specifications, submission and other solicitation requirements will be provided to all vendors.

SPC has compiled these instructions to guide prospective bidders and to ensure that all bidders are given equal and fair consideration.

Please read the instructions carefully before submitting your bid. For your bid to be considered, you must provide all the prescribed information by the closing date and in the format specified.

2.2 Submission instructions

Your submission must be clear, concise and complete and should only include information that is necessary to respond effectively to this RFP. Please note that you may be marked down or excluded from the procurement exercise if your submission contains any ambiguities or lacks clarity.

Your proposal must include the following documents (annexes of [Part 5](#) of the RFP):

- a) Bidder's Letter of Application (Annex 1);
- b) Conflict of Interest Declaration (Annex 2);
- c) Information about the bidder and Due diligence (Annex 3);
- d) Technical proposal submission form (Annex4);
- e) Financial proposal submission form (Annex 5).

Your proposal must be submitted in **two separate emails**.

You must submit your **Technical proposal** (Annexes 1 to 4 and all their supporting documents) in English as an attachment to one email. No financial information may appear in the technical proposal.

You must submit your **Financial proposal** (Annex 5) in a separate email. All prices in the proposal must be presented in EURO. Your Financial proposal is to be password protected. SPC will request the password in the event that it is required.

Both emails are to be sent to procurement@spc.int with the subject line of your email as: **Submission RFP24-7115**.

Your proposal must be received no later than **15/12/2024** by **23.45PM FJT**. Only one bid per bidder is permitted.

SPC will send a formal acknowledgement to each proposal received before the deadline.

SPC reserves the right to exclude from consideration any proposal not received by the deadline, with incomplete information or in incorrect form.

2.3 Clarifications

You may submit questions or seek clarifications on any issue relating to this RFP. The questions are to be submitted in writing to procurement@spc.int with the subject line: **Clarification RFP24-7115**. The deadline for submission of clarifications is **5/12/2024** by **23.45pm FJT**.

Details will be kept of any communications between SPC and bidders. This assists SPC to ensure transparency of the procurement process. While SPC prefers written communication in the RFP process, at any point where there is phone call or other conversation, SPC will keep a record or a file note of the exchange with prospective bidders.

2.4 Evaluation

Validity

Each proposal will be assessed for compliance with the submission requirements by the Bids Opening Committee. At this stage, basic due diligence will also be undertaken.

To assist in the examination, evaluation and comparison of proposals, SPC may ask the bidder for clarification of its proposal or additional information. The request for clarification will be in writing.

Technical

All valid proposals will be assessed against the technical evaluation criteria set out in Part 4. The criteria are provided with weighted scores according to the relative importance of each. SPC will not change the evaluation criteria set out in the RFP at any stage of the procurement process. Any changes in the evaluation criteria will result in the RFP process being re-issued.

Bidders are expected to familiarise themselves with local conditions and take these into account in preparing their proposal. Where minimum qualifications are set as specific evaluation criteria (which may include educational qualification, professional accreditation or certification, licensing, experience and expertise), proposals submitted must necessarily meet these criteria.

Financial

Any bids that pass the minimum technical evaluation requirements will pass onto financial evaluation.

During the financial evaluation, if there is a discrepancy between the unit price and the total price, the lower price shall prevail. If there is a discrepancy between words and figures the amount in words will prevail.

The total cost of the proposal must be submitted exclusive of taxes in accordance with the applicable legislation, and is not subject to revision.

2.5 Contract award

Click or tap here to enter text.

SPC may award the contract once the Procurement Committee has determined that a bidder has met the prescribed requirements and the bidder's proposal has been determined to be the most responsive to the RFP documents, provide the best value for money and best serve the interests of SPC.

SPC's [General Terms and Conditions of Contract](#) will apply to any contracts awarded under this RFP, unless otherwise agreed. Any requested changes to the General Terms and Conditions of Contract must be foreshadowed in the submission. In the absence of requests for changes, the General Conditions of Contract and the terms of the PSA contract shall be deemed to be known, understood, and accepted by the bidder.

The award of the contract will be made by contract signed and dated by both parties.

2.6 Key dates

Please see the proposed procurement timetable in the table below. This timetable is intended as a guide only and while SPC does not intend to depart from the timetable, it reserves the right to do so at any stage.

STAGE	DATE
-------	------

RFP advertised	16/11/2024
Deadline for seeking clarification	5/12/2024
RFP Closing Date	15/12/2024
Award of Contract	TBC
Commencement of Contract	TBC
Conclusion of Contract	TBC

2.7 Legal and compliance

Child and vulnerable adult protection: SPC is committed to the well-being of children and vulnerable adults. All SPC contractors are required to commit to the principles of SPC's Child and Vulnerable Adult Protection Policy ([XI.G Manual of Staff Policies](#)). Breach of this requirement can result in SPC terminating any contract with a successful bidder. Any allegations of potential misconduct in relation to this RFP involving children or vulnerable adults should be sent to complaints@spc.int.

Confidentiality: Unless otherwise agreed by SPC in advance or where the contents of the RFP are already in the public domain when **shared** with the bidder, bidders shall at all times treat the contents of the RFP and any related documents as confidential. SPC will also treat the information it receives from the bidders as confidential.

Conflict of interest: Bidders must take all necessary measures to prevent any situation of conflict of interest. You must notify SPC in writing as soon as possible of any situation that could constitute a conflict of interest during the RFP process. If you have any familial connection with SPC staff, this must be declared, and approval will then be sought for you to engage in the RFP process. Breach of this requirement can result in the exclusion of the bidder from the RFP process or in SPC terminating any contract with a successful bidder.

Cost of preparation of proposals: Under no circumstances will SPC be liable for any proposal submission costs, expenditure, work or effort that you may incur in relation to your provision of a proposal (including if the procurement process is terminated or amended by SPC).

Currency, validity, duties, taxes: Unless specifically otherwise requested, all proposals should be in EURO and must be net of any direct or indirect taxes and duties and shall remain valid for 120 days from the closing date. The successful bidder is bound by their proposal for a further 60 days following notification they are the preferred bidder so that the contract may be awarded. No price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted at any time during this period.

Eligibility: Bidders are required to disclose to SPC whether they are subject to any sanction or temporary suspension imposed by any international organisation, or whether they are subject to bankruptcy proceedings. You may not be bankrupt or suspended, debarred, or otherwise identified as ineligible by any international organisation. Failure to disclose such information may result in debarment and termination of any contract issued to the bidder by SPC.

Fraud and corruption: SPC has zero tolerance for fraud and corruption. All contractors have an obligation to report potential fraud and corruption. Breach of this requirement can result in the exclusion of the bidder from the RFP process or in SPC terminating any contract with a successful bidder. Allegations of potential misconduct by an SPC staff member or contractor involving fraud or corruption can be sent to complaints@spc.int.

Good faith: The information in this RFP is provided by SPC in good faith. No representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability will be accepted by SPC in relation to the adequacy, accuracy, completeness or reasonableness of this RFP or any information provided by SPC in relation to this RFP.

Modifications: Any clarifications, corrections or modifications will be published on the SPC website prior to deadline. In the event a bidder has submitted a bid before the clarification, correction or modification, the bidder will be informed and may modify the bid. The modified bid will still need to be received before the deadline.

No offer of contract or invitation to contract: This RFP is not an offer to contract or an invitation by SPC to enter into a contract with you.

Privacy: The bidder is to comply with the requirements of applicable legislation and regulatory requirements in force for the use of personal data that is disclosed for the purposes of this RFP. SPC will handle any personal information it receives under the RFP in line with its [Privacy Policy](#), and the [Guidelines for handling personal information of bidders and grantees](#).

Right to amend, seek clarity, withdraw, not award: SPC reserves the right to: (1) amend, add to or withdraw all or any part of this RFP at any time, or to re-invite bids on the same or any alternative basis; (2) seek clarification or documents in respect of any bidder's submission; (3) choose not to award a contract as a result of this RFP; (4) make whatever changes it sees fit to the timetable, structure or content of the procurement process, depending on approvals processes or for any other reason. Please note that while SPC will not change the evaluation criteria set out in the RFP without the RFP process being re-issued, SPC does reserve the right at the time of award of contract to vary the quantity of services and goods specified in the RFP and to accept or reject any proposal at any time prior to award of the contract without incurring any liability to the affected bidder or any obligation to inform the affected bidder/s of the grounds for SPC's action.

Right to disqualify: SPC reserves the right to disqualify: (1) any bidder that does not submit a proposal in accordance with the instructions in this RFP; (2) any bidder that misrepresents information to SPC; (3) any bidder that directly or indirectly canvasses any SPC employee concerning the award of a contract.

Use of material: Bidders shall not use the contents of the RFP or any related material for any purpose other than for the purpose of considering submitting, or submitting, a bid to SPC.

Warranty, representation, assurance, undertaking: The bidder acknowledges and agrees that no person has any authority to give any warranty, representation, assurance or undertaking on behalf of SPC in connection with any contract which may (or may not) follow on from this RFP process.

2.8 Complaints process

Bidders that consider they were not treated fairly during any SPC procurement process may lodge a protest. The protest should be addressed to complaints@spc.int. The bidder must provide the following information: (1) full contact details; (2) details of the relevant procurement; (3) reasons for the protest, including how the alleged behaviour negatively impacted the bidder; (4) copies of any documents supporting grounds for protest; (5) the relief that is sought.

Part 3: Specification of Goods

A Background/context

1. Project Description

The Pacific Community (SPC), through the Building Safety and Resilience in the Pacific Phase II (BSRP II) project, is seeking to modernise the Information and Communication Technology (ICT) infrastructure of the Port Moresby Geo-Physical Observatory. The upgrade once completed, will improve the processing, analysis and dissemination of vital seismic information to the general public as well as decision makers.

BSRP II is a component of the EU Intra-ACP Natural Disaster Reduction (NDRR) Programme funded under the 11th European Development Fund (EDF). BSRP II operates in 14 Pacific Island Countries and in Timor-Leste.

The project has a number of regional and national activities arranged around four expected outputs:

- i. Increased availability of reliable disaster and climate risk data, information and knowledge;
- ii. Enhanced integration of risk-informed regulations, planning and financing;
- iii. Strengthened capabilities, collaboration and coordination for risk reduction, response and recovery;
- iv. Increased risk awareness and risk reduction actions with sub-national, community and local stakeholders.

PNG has identified seven national activities under five Key Result Areas (KRAs) to be implemented under the project. KRA 2: Upgrade Oceania Regional Seismic Network (ORSNET) Capacity is to be implemented on the upgrade of ICT infrastructure at the Port Moresby Geophysical Observatory (PMGO).

Having been established as a division under the Department of Mineral Policy and Geohazards, the Port Moresby Geophysical Observatory (PMGO) has been entrusted with the responsibility of monitoring, assessing, and reporting on geophysical hazards, including earthquakes, tsunamis, volcanic eruptions, and landslides. It also provides advice and early warnings to relevant authorities regarding significant earthquakes and tsunamis by outlining mitigation measures. The observatory's current server infrastructure, which runs their database, critical monitoring applications, and backup functions, has reached the end of its life (EOL). Regular power outages and a malfunctioning UPS pose a significant risk to maintaining their current network server infrastructure.

2. Tender Specification

Tenders must include the following provisions in the Tender Price to:

- a) Supply and install two servers, a workstation and power accessories for the Central Facility, Geophysical Observatory – Mineral Department Papua New Guinea.
- b) The supply, delivery and installation shall be scheduled as per agreed schedule
- c) Arrange and pay all costs, whether direct or indirect, associated with the supply and installation of the two servers, a workstations and power accessories.
- d) Update the BSRPII Project Manager on the schedule, particularly regarding the supply and installation of the servers, workstation and power accessories.

The two servers, a workstation and power accessories are to be supplied and installed at the Central Facility, Geophysical Observatory – Mineral Department Papua New Guinea, at the earliest available

opportunity and with the shortest lead-time.

The supplier must not supply any second hand or used products.

The supplier will also be expected to provide a short Completion Report to the BSRPII Project Manager following full delivery and installation of the servers, workstation and power accessories. The Report will give details of the delivery to the Central Facility, Geophysical Observatory-Mineral Department Papua New Guinea including any issues and challenges faced during the upgrade works. The servers, workstation and power accessories upgrade shall be installed in acceptable condition as per the expectation of the client which will need to be signed off by Director of Mineral Resources.

B. Servers and workstation specification

1. Servers (2 Units)

Item No.	Description	Unit	Qty
1.1	Processor: Modern 16-core CPU, x86-64 architecture (Intel/AMD)	Unit	2
1.2	Memory (RAM): 128 GB ECC	Unit	2
1.3	Storage (Root): 2x 1TB NVMe SSD, RAID-1 (capacity: gross 2TB, net 1TB)	Unit	2
1.4	Waveform Archive: 6x 12TB HDD 7200rpm, RAID-6 (capacity: gross 72TB, net 48TB), 30MiB per 100Hz stream per day	Unit	2
1.5	Hardware RAID Controller (BBWC optional)	Unit	2
1.6	Network: 1 Gbit/s (GbE, 1000BASE-T), 2 cables per server (LACP), Optional: 2 cables per server configured with link aggregation for fault tolerance and increased throughput (LACP, 802.3ad, managed switch required), or 2.5GBASE-T, 10GBASE-T	Unit	2

2. Workstations (Minimum 2 Units)

Item No.	Description	Unit	Qty
2.1	Processor: Modern 8-core CPU, x86-64 architecture (not ARM), Intel/AMD	Unit	1
2.2	Memory (RAM): 64 GB	Unit	1
2.3	Storage: 2x 1TB NVMe SSD, RAID-1 (capacity: gross 2TB, net 1TB)	Unit	1
2.4	Displays: 2x WQHD 2560x1440 resolution per unit	Unit	2
2.5	Network: 1 Gbit/s (GbE, 1000BASE-T), Optional: 2 cables per workstation (LACP), 2.5GBASE-T, 10GBASE-T	Unit	1

3. Installation Services

Item No.	Description	Unit	Qty
3.1	Removal and environmentally safe disposal of old servers	Service	2
3.2	Installation & Configuration of Servers	Service	2

3.3	Installation & Configuration of Workstation	Service	1
3.4	Migration of application from old to new servers	Service	2
3.5	Installation of power accessories	Service	2

Summary

Category	Quantity
Servers	2
Workstation	1
Removal & Installation	2

C. Delivery Requirements

1. The bidder is required to supply and install two servers and two workstations at the Central Facility, Geophysical Observatory – Mineral Department Papua New Guinea. The equipment when it arrives the Central Facility, shall be inspected and signed off by the Director of Mineral Resources.
2. The installation schedule of the servers and workstations shall be stated clearly in the offer.
3. The supply and installation period should be within the period (specified and agreed by contract) or a penalty fee of 5% of the total cost of the supplies will be incurred on a daily basis for the delays. After 30 days of delay, SPC reserves the right to cancel the contract.
4. Proposed supply and installation dates within the specified period will have no repercussion upon the evaluation of the bids. The supply and installation period may be negotiated with the successful bidder however anticipated non-compliance should be specified within the submitted bid.
5. All Proposal costs as part of the submission should be inclusive of any or all applicable taxes and customs duties. Before signing of contract, the supply and installation schedules should be submitted to BSRPII Project Manager for approval.
6. The Servers and Workstations shall be supplied and installed in a proper manner to prevent any transportation related damage and installation in the condition as per expectation of the client. It is the responsibility of the supplier to ensure that the server and workstation products are insured until such time the installation is completed and accepted by the client. The supplier to indicate all the risks that will associate with the supply and installation works and how to mitigate the risks.
7. The Bidder will be responsible for settling any transportation-related and installation-related damage claims and will be responsible for replacing the damaged servers and workstation products, at the request of SPC in a timely manner.

D Warranty Requirements

1. **Hardware:** At least 3 years warranty for servers, workstations, and peripherals.
2. **Software:** At least 1 year for operating systems and firmware updates.
3. **Installation & Configuration:** At least 1 year warranty covering any setup-related issues.
4. **RAID and Storage:** At least 3 years for storage devices, with an option for data recovery services.
5. **Network Infrastructure:** At least 3 years, covering switches, cables, and related equipment.

E Scope of Bid Price and Schedule of Payments

Milestone/deliverables	% payment
Submission of delivery dockets and packing lists, along with photos, to verify that the two servers and a workstation and power accessories have been purchased.	20
Successful delivery and installation of the two servers, a workstation and power accessories, as per specifications and client satisfaction, at the Central Facility, Geophysical Observatory – Mineral Department Papua New Guinea. Approved and sign-off by the Director of Mineral Resources.	50
Completion of successful operational testing of goods (and relevant software). Approved and sign-off by the Director of Mineral Resources.	30
After the 3-months Defects Liability Period (DLP) – During this DLP period, the supplier is responsible for fixing any issues, malfunctions and defects in the installed servers, workstation, and power accessories	20
TOTAL	100

Part 4: PROPOSAL EVALUATION MATRIX

4.1 Evaluation criteria & Score Weight

A two-stage procedure will be utilised to evaluate the proposals, with evaluation of the **Technical proposal** being completed prior to any **Financial proposal** being opened and compared.

The competencies which will be evaluated are detailed in [Part 3](#).

The evaluation matrix below also reflects the obtainable score specified for each evaluation criterion (technical requirement) which indicates the relative significance or weight of the items in the overall evaluation process.

The technical component, which has a total possible value of 700 points, will be evaluated using the following criteria.

[Insert other relevant instructions about the proposal evaluation matrix]

Evaluation criteria	Score Weight (%)	Points obtainable
Mandatory requirements		
<ul style="list-style-type: none"> a) Vendor Registration; b) Having sound financial statement (audited) over the last three years; c) Bidder’s Letter of Application (Annex 1); d) Conflict of Interest Declaration (Annex 2); e) Information about the bidder and Due diligence (Annex 3); f) Technical proposal submission form (Annex4); g) Financial proposal submission form (Annex 5). 	Bidders will be disqualified if any of the requirements are not met	
Technical requirements 1		
Years of experience in supply of high-end ICT and software equipment. Experience working with international organisation and government department	20%	140
Technical Requirements 2		
Warranty repair & return service and warranty period. Reliable, convenience, speed/turnaround time, ability to provide maintenance and technical support.	20%	140
Technical Requirements 3		
Hold a partnership with enterprise vendors and indicate partnership level	20%	140
Technical Requirement 4		
Adherence to Function specification on the ‘Specifications of Goods’	40%	280

Ability to supply and install servers and workstations		
Total Score	100%	700
Qualification score	70%	490

4.2 Financial evaluation

The financial component of the proposal will be scored on the basis of overall costs for the delivery of the *[Choose an item]* and financial incentives and benefits provided to SPC. The lowest financial proposal will be awarded maximum 300 points and other financial offers and incentives will be awarded points as per the formula below:

$$\text{Financial Proposal score} = (\text{Lowest Price} / \text{Price under consideration}) \times 300$$

Part 5: PROPOSAL SUBMISSION FORMS

Annex 1: BIDDER'S LETTER OF APPLICATION

Dear Sir /Madam:

Having examined the Solicitation Documents, the receipt of which is hereby duly acknowledged, we the undersigned, offer to supply the required goods for the sum as may be ascertained in accordance with the Financial Proposal attached herewith and made part of this proposal.

We acknowledge that:

- SPC may exercise any of its rights set out in the Request for Proposal documents, at any time;
- The statements, opinions, projections, forecasts or other information contained in the Request for Proposal documents may change;
- The Request for Proposal documents are a summary only of SPC's requirements and is not intended to be a comprehensive description of them;
- Neither the lodgement of the Request for Proposal documents nor the acceptance of any tender nor any agreement made subsequent to the Request for Proposal documents will imply any representation from or on behalf of SPC that there has been no material change since the date of the Request for Proposal documents, or since the date as at which any information contained in the Request for Proposal documents is stated to be applicable;
- Excepted as required by law and only to the extent so required, neither SPC, nor its respective officers, employees, advisers or agents will in any way be liable to any person or body for any loss, damage, cost or expense of any nature arising in any way out of or in connection with any representations, opinions, projections, forecasts or other statements, actual or implied, contained in or omitted from the Request for Proposal documents.

We undertake, if our proposal is accepted, to commence and complete delivery of all items in the contract within the time frame stipulated.

We understand that you are not bound to accept any proposal you may receive and that a binding contract would result only after final negotiations are concluded on the basis of the Technical and Financial Components proposed.

Date: *[Click or tap to enter a date]*

Annex 2: CONFLICT OF INTEREST DECLARATION

INSTRUCTIONS TO BIDDERS

What is a conflict of interest?

A conflict of interest may arise from economic or commercial interests, political, trade union or national affinities, family, cultural or sentimental ties, or **any other type of relationship or common interest between the bidder and any person connected with the contracting authority** (SPC staff member, consultant or any other expert or collaborator mandated by SPC).

Always declare a conflict

The existence of a potential or apparent conflict of interest does not necessarily prevent the bidder concerned from taking part in a tender process. **However, the declaration of the existence of such a conflict by the persons concerned is essential and allows SPC to take appropriate measures to mitigate it and prevent the associated risks.**

Bidders are therefore invited to declare any situation, fact or link which, to their knowledge, could generate a real, potential or apparent conflict of interest.

Declaration at any time

Conflicts of interest may arise at any time during the procurement process or the implementation of a contract (e.g. new partner in the project) or as a result of a change in personal life (e.g. marriage, inheritance, financial transaction, creation of a company). If such a relationship is found and could be perceived by a reasonable person as likely to influence a decision, a declaration of the situation is necessary. In case of doubt, a conflict situation must be declared.

Declaration for any person involved

A declaration must be completed for each person involved in the tender (principal representative of the bidder, possible subcontractors, consultant, etc.)

Failure

Failing to declare a potential conflict of interest may result in the bidder being refused a contract or placed on SPC's list of non-responsible suppliers.

DECLARATION

I, the undersigned, *[name of the representative of the Bidder]*, acting in the name and on behalf of the company *[name of the company]*, declare that:

<input type="checkbox"/>	To my knowledge, I am not in a conflict-of-interest situation
<input type="checkbox"/>	There is a potential conflict of interest with regard to my <i>[Choose an item]</i> . relationship with <i>[name of the person concerned]</i> in his or her capacity as <i>position/role/personal or family link with the person concerned</i> , although, to the best of my knowledge, this person is not directly or indirectly involved in any stage of the procurement process
<input type="checkbox"/>	I may be in a conflict of interest with regard to my <i>[Choose an item]</i> relationship with <i>[name of the person concerned]</i> in his or her capacity as <i>position/role/personal or family link with the person concerned</i> , as this person is, to the best of my knowledge, directly or indirectly linked to the procurement process
<input type="checkbox"/>	To my knowledge, there is another situation that could potentially constitute a conflict of interest: <i>[Describe the situation that may constitute a conflict of interest]</i>

In addition, I undertake to:

- declare, without delay, to SPC any situation that constitutes a potential conflict of interest or is likely to lead to a conflict-of-interest;
- not to grant, seek, obtain or accept any advantage, whether financial or in kind, to or from any person where such advantage constitutes an unfair practice or an attempt at fraud or corruption, directly or indirectly, or constitutes a gratuity or reward related to the award of the contract;
- to provide accurate, truthful and complete information to SPC in connection with this procurement process.

I acknowledge that I and/or my company and/or my business partners who are jointly and severally bidding on the **RFP 24-7115** may be subject to sanctions such as being placed on SPC's list of non-responsible vendors, if it is established that false statements have been made or false information has been provided.

For the Bidder: *[insert name of the company]*

1. All costs indicated on the Financial Proposal should be **inclusive** of applicable taxes.
2. You must submit this Financial Proposal in a separate email to the technical proposal. All prices in the proposal must be presented in EUR. Your Financial Proposal is to be password protected. SPC will request the password if required.
3. Please fill out the financial proposal table below and also complete the attached spreadsheet.

FINANCIAL PROPOSAL TABLE

1. Servers (2 Units)

Item No.	Description	Unit	Qty	Unit Rate (EUR)	Total Cost (EUR)
1.1	Processor: Modern 16-core CPU, x86-64 architecture (Intel/AMD)	Unit	2		
1.2	Memory (RAM): 128 GB ECC	Unit	2		
1.3	Storage (Root): 2x 1TB NVMe SSD, RAID-1 (capacity: gross 2TB, net 1TB)	Unit	2		
1.4	Waveform Archive: 6x 12TB HDD 7200rpm, RAID-6 (capacity: gross 72TB, net 48TB), 30MiB per 100Hz stream per day	Unit	2		
1.5	Hardware RAID Controller (BBWC optional)	Unit	2		
1.6	Network: 1 Gbit/s (GbE, 1000BASE-T), 2 cables per server (LACP), Optional: 2 cables per server configured with link aggregation for fault tolerance and increased throughput (LACP, 802.3ad, managed switch required), or 2.5GBASE-T, 10GBASE-T	Unit	2		
Total Cost					

2. Workstations (Minimum 2 Units)

Item No.	Description	Unit	Qty	Unit Rate (EUR)	Total Cost (EUR)

2.1	Processor: Modern 8-core CPU, x86-64 architecture (not ARM), Intel/AMD	Unit	1		
2.2	Memory (RAM): 64 GB	Unit	1		
2.3	Storage: 2x 1TB NVMe SSD, RAID-1 (capacity: gross 2TB, net 1TB)	Unit	1		
2.4	Displays: 2x WQHD 2560x1440 resolution per unit	Unit	2		
2.5	Network: 1 Gbit/s (GbE, 1000BASE-T), Optional: 2 cables per workstation (LACP), 2.5GBASE-T, 10GBASE-T	Unit	1		
Total Cost					

3. Installation Services

Item No.	Description	Unit	Qty	Unit Rate (EUR)	Total Cost (EUR)
3.1	Removal and environmentally safe disposal of old servers	Service	2		
3.2	Installation & Configuration of Servers	Service	2		
3.3	Installation & Configuration of Workstation	Service	1		
3.4	Migration of application from old to new servers	Service	2		
3.5	Installation of power accessories	Service	2		
Total Cost					

Summary

Category	Quantity	Total Cost (EUR)
Servers	2	
Workstation	1	
Removal & Installation	2	
Total FOB		
Freight to PNG		
Documentation & Packaging		
Other Charges		
Total CIF
