## Part 1: INTRODUCTION

### 1.1 About the Pacific Community (SPC)

The Pacific Community (SPC) is the principal scientific and technical organisation of the Pacific region, established by treaty in 1947 with the signing of the Agreement Establishing the South Pacific Commission (the Canberra Agreement).

SPC has our headquarters in Noumea, New Caledonia and has regional offices in Fiji, the Federated States of Micronesia and Vanuatu, as well as an office in France. SPC works across the Pacific and has staff in nearly all of our Pacific Island Country and Territory members.

SPC works for the well-being of Pacific people through the effective and innovative application of science and knowledge and is guided by a deep understanding of Pacific Island contexts and cultures. Our unique organisation covers more than 20 sectors and is renowned for knowledge and innovation in such areas as fisheries science, public health surveillance, geoscience and conservation of plant genetic resources for food security.

For more information about SPC and the work that we do, please visit our website: <https://www.spc.int/>.

### 1.2 SPC's procurement activities

SPC's procurement activities are guided by the principles of high ethical standards, value for money, open competition and social and environmental responsibility and are carried out under our Procurement Policy.

SPC's *Procurement Policy* provides the framework for ensuring that SPC obtains the best value for its purchases, in terms of both cost and quality; demonstrates financial probity and accountability to its members and development partners; manages and prevents the potential for conflicts of interest; reduces its environmental impact and manages any other risks.

At SPC, all procurement follows the same main steps: planning; statement of needs; requisition; solicitation; evaluation; award; receipt; and payment. Different procedures apply depending on the value of the goods, services and works to be procured.

For further information or enquiries about SPC's procurement activities, please visit the procurement pages on our website: <https://www.spc.int/procurement> or email: [procurement@spc.int](mailto:procurement@spc.int).

### 1.3 SPC's Request for Proposal (RFP) Process

At SPC, procurement valued at more than EUR 45,000 must be advertised through a Request for Proposal (RFP) with any bids received evaluated by SPC's Procurement Committee to determine the offer that provides the best value for money.

This RFP sets out SPC's requirements and it asks you, as a bidder, to respond in writing in a prescribed format with pricing and other required information. The RFP contains detailed instructions and templates to enable you to submit a compliant bid. It sets out the overall timetable; it confirms the evaluation criteria that SPC will use to evaluate proposals; it explains the administrative arrangements for the receipt of the bids; and it sets out how bidders can request further information.

Your participation confirms your acceptance of SPC's conditions of participation in the RFP process.

## Part 2: INSTRUCTIONS TO BIDDERS

### 2.1 Background

SPC invites you to submit a bid to deliver the services as specified in [Part 3](#).

SPC has advertised this RFP on its website and may send it directly to potential vendors. The same specifications, submission and other solicitation requirements will be provided to all vendors.

SPC has compiled these instructions to guide prospective bidders and to ensure that all bidders are given equal and fair consideration.

Please read the instructions carefully before submitting your bid. For your bid to be considered, you must provide all the prescribed information by the closing date and in the format specified.

### 2.2 Submission instructions

Your submission must be clear, concise and complete and should only include information that is necessary to respond effectively to this RFP. Please note that you may be marked down or excluded from the procurement exercise if your submission contains any ambiguities or lacks clarity.

Your proposal must include the following documents (annexes of [Part 5](#) of the RFP):

- a) Bidder's Letter of Application (Annex 1);
- b) Conflict of Interest Declaration (Annex 2);
- c) Information about the bidder and Due diligence (Annex 3);
- d) Technical proposal submission form (Annex4) that must include:
  - Proposed methodology and workplan
  - Cvs and diploma
  - At least 3 referees for similar assignment
- e) Financial proposal submission form (Annex 5).

Your proposal must be submitted in **two separate emails**.

You must submit your **Technical proposal** (Annexes 1 to 4 and all their supporting documents) in English as an attachment to one email. No financial information may appear in the technical proposal.

You must submit your **Financial proposal** (Annex 5) in a separate email. All prices in the proposal must be presented in EURO. Your Financial proposal is to be password protected. SPC will request the password in the event that it is required.

Both emails are to be sent to [procurement@spc.int](mailto:procurement@spc.int) with the subject line of your email as: **Submission RFP24-7271**.

Your proposal must be received no later than **17/01/2025 by 23h45 NOUMEA time (UTC+11)**. Only one bid per bidder is permitted.

SPC will send a formal acknowledgement to each proposal received before the deadline.

SPC reserves the right to exclude from consideration any proposal not received by the deadline, with incomplete information or in incorrect form.

### 2.3 Clarifications

You may submit questions or seek clarifications on any issue relating to this RFP. The questions are to be

submitted in writing to [procurement@spc.int](mailto:procurement@spc.int) with the subject line: **Clarification RFP24-7271**. The deadline for submission of clarifications is **8/01/2025 by 23h59 NOUMEA time (UTC+11)**.

Details will be kept of any communications between SPC and bidders. This assists SPC to ensure transparency of the procurement process. While SPC prefers written communication in the RFP process, at any point where there is phone call or other conversation, SPC will keep a record or a file note of the exchange with prospective bidders.

## 2.4 Evaluation

### Validity

Each proposal will be assessed for compliance with the submission requirements by the Bids Opening Committee. At this stage, basic due diligence will also be undertaken.

To assist in the examination, evaluation and comparison of proposals, SPC may ask the bidder for clarification of its proposal or additional information. The request for clarification will be in writing.

### Technical

All valid proposals will be assessed against the technical evaluation criteria set out in Part 4. The criteria are provided with weighted scores according to the relative importance of each. SPC will not change the evaluation criteria set out in the RFP at any stage of the procurement process. Any changes in the evaluation criteria will result in the RFP process being re-issued.

Bidders are expected to familiarise themselves with local conditions and take these into account in preparing their proposal. Where minimum qualifications are set as specific evaluation criteria (which may include educational qualification, professional accreditation or certification, licensing, experience and expertise), proposals submitted must necessarily meet these criteria.

### Financial

Any bids that pass the minimum technical evaluation requirements will pass onto financial evaluation.

During the financial evaluation, if there is a discrepancy between the unit price and the total price, the lower price shall prevail. If there is a discrepancy between words and figures the amount in words will prevail.

The total cost of the proposal must be submitted exclusive of taxes in accordance with the applicable legislation, and is not subject to revision.

## 2.5 Contract award

SPC may award the contract once the Procurement Committee has determined that a bidder has met the prescribed requirements and the bidder's proposal has been determined to be the most responsive to the RFP documents, provide the best value for money and best serve the interests of SPC.

SPC's [General Terms and Conditions of Contract](#) will apply to any contracts awarded under this RFP, unless otherwise agreed. Any requested changes to the General Terms and Conditions of Contract must be foreshadowed in the submission. In the absence of requests for changes, the General Conditions of Contract and the terms of the contract shall be deemed to be known, understood, and accepted by the bidder.

The award of the contract will be made by contract signed and dated by both parties.

## 2.6 Key dates

Please see the proposed procurement timetable in the table below. This timetable is intended as a guide only and while SPC does not intend to depart from the timetable, it reserves the right to do so at any stage.

STAGE	DATE
-------	------

<b>RFP advertised</b>	29/11/2024
<b>Deadline for seeking clarification</b>	8/01/2025
<b>RFP Closing Date</b>	17/01/2025

## 2.7 Legal and compliance

**Child and vulnerable adult protection:** SPC is committed to the well-being of children and vulnerable adults. All SPC contractors are required to commit to the principles of SPC's Child and Vulnerable Adult Protection Policy ([XI.G Manual of Staff Policies](#)). Breach of this requirement can result in SPC terminating any contract with a successful bidder. Any allegations of potential misconduct in relation to this RFP involving children or vulnerable adults should be sent to [complaints@spc.int](mailto:complaints@spc.int).

**Confidentiality:** Unless otherwise agreed by SPC in advance or where the contents of the RFP are already in the public domain when **shared** with the bidder, bidders shall at all times treat the contents of the RFP and any related documents as confidential. SPC will also treat the information it receives from the bidders as confidential.

**Conflict of interest:** Bidders must take all necessary measures to prevent any situation of conflict of interest. You must notify SPC in writing as soon as possible of any situation that could constitute a conflict of interest during the RFP process. If you have any familial connection with SPC staff, this must be declared, and approval will then be sought for you to engage in the RFP process. Breach of this requirement can result in the exclusion of the bidder from the RFP process or in SPC terminating any contract with a successful bidder.

**Cost of preparation of proposals:** Under no circumstances will SPC be liable for any proposal submission costs, expenditure, work or effort that you may incur in relation to your provision of a proposal (including if the procurement process is terminated or amended by SPC).

**Currency, validity, duties, taxes:** Unless specifically otherwise requested, all proposals should be in EURO and must be net of any direct or indirect taxes and duties and shall remain valid for 120 days from the closing date. The successful bidder is bound by their proposal for a further 60 days following notification they are the preferred bidder so that the contract may be awarded. No price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted at any time during this period.

**Eligibility:** Bidders are required to disclose to SPC whether they are subject to any sanction or temporary suspension imposed by any international organisation, or whether they are subject to bankruptcy proceedings. You may not be bankrupt or suspended, debarred, or otherwise identified as ineligible by any international organisation. Failure to disclose such information may result in debarment and termination of any contract issued to the bidder by SPC.

**Fraud and corruption:** SPC has zero tolerance for fraud and corruption. All contractors have an obligation to report potential fraud and corruption. Breach of this requirement can result in the exclusion of the bidder from the RFP process or in SPC terminating any contract with a successful bidder. Allegations of potential misconduct by an SPC staff member or contractor involving fraud or corruption can be sent to [complaints@spc.int](mailto:complaints@spc.int).

**Good faith:** The information in this RFP is provided by SPC in good faith. No representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability will be accepted by SPC in relation to the adequacy, accuracy, completeness or reasonableness of this RFP or any information provided by SPC in relation to this RFP.

**Modifications:** Any clarifications, corrections or modifications will be published on the SPC website prior to deadline. In the event a bidder has submitted a bid before the clarification, correction or modification, the bidder will be informed and may modify the bid. The modified bid will still need to be received before the deadline.

**No offer of contract or invitation to contract:** This RFP is not an offer to contract or an invitation by SPC to enter into a contract with you.

**Privacy:** The bidder is to comply with the requirements of applicable legislation and regulatory requirements in force for the use of personal data that is disclosed for the purposes of this RFP. SPC will handle any personal information it receives under the RFP in line with its [Privacy Policy](#), and the [Guidelines for handling personal information of bidders and grantees](#).

**Right to amend, seek clarity, withdraw, not award:** SPC reserves the right to: (1) amend, add to or withdraw all or any part of this RFP at any time, or to re-invite bids on the same or any alternative basis; (2) seek clarification or documents in respect of any bidder's submission; (3) choose not to award a contract as a result of this RFP; (4) make whatever changes it sees fit to the timetable, structure or content of the procurement process, depending on approvals processes or for any other reason. Please note that while SPC will not change the evaluation criteria set out in the RFP without the RFP process being re-issued, SPC does reserve the right at the time of award of contract to vary the quantity of services and goods specified in the RFP and to accept or reject any proposal at any time prior to award of the contract without incurring any liability to the affected bidder or any obligation to inform the affected bidder/s of the grounds for SPC's action.

**Right to disqualify:** SPC reserves the right to disqualify: (1) any bidder that does not submit a proposal in accordance with the instructions in this RFP; (2) any bidder that misrepresents information to SPC; (3) any bidder that directly or indirectly canvasses any SPC employee concerning the award of a contract.

**Use of material:** Bidders shall not use the contents of the RFP or any related material for any purpose other than for the purpose of considering submitting, or submitting, a bid to SPC.

**Warranty, representation, assurance, undertaking:** The bidder acknowledges and agrees that no person has any authority to give any warranty, representation, assurance or undertaking on behalf of SPC in connection with any contract which may (or may not) follow on from this RFP process.

## 2.8 Complaints process

Bidders that consider they were not treated fairly during any SPC procurement process may lodge a protest. The protest should be addressed to [complaints@spc.int](mailto:complaints@spc.int). The bidder must provide the following information: (1) full contact details; (2) details of the relevant procurement; (3) reasons for the protest, including how the alleged behaviour negatively impacted the bidder; (4) copies of any documents supporting grounds for protest; (5) the relief that is sought.

## Part 3: Terms of Reference

### Background/context

The rise of data-driven decision-making and evidence-based policymaking in recent years has intensified the demand for high-quality statistics across the Pacific region. National Statistical Organisations (NSOs) are increasingly expected to deliver relevant, timely and accurate data, while also enhancing their operational efficiency and adaptability to changing data needs.

In response to these pressures, the modernisation of official statistics has become a priority, with a focus on redesigning statistical business processes to leverage new data sources, methodologies and technologies. The diverse socio-economic contexts of the Pacific Island Countries and Territories (PICTs) necessitate a tailored approach to adopting global standards and best practices, such as the Generic Statistical Business Process Model (GSBPM), Statistical Data and Metadata eXchange (SDMX), and the Data Documentation Initiative (DDI).

### Purpose, objectives, scope of services

The objective of the consultancy is to evaluate the progress of statistical modernisation among NSOs in the Pacific region. This evaluation aims to address current capabilities, identify strengths and pinpoint opportunities for improvement of statistical production systems of PICTs. The findings will provide a foundation for promoting the sharing of regional best practices and fostering peer-to-peer support within the Pacific region. The results of the evaluation will also contribute to the development of a high-level Pacific roadmap for the modernisation of official statistics in a subsequent phase of work.

#### Task 1: Define the framework

The consultant will develop a framework to evaluate the progress of modernisation efforts within Pacific NSOs. The framework will span the different phases of the GSBPM and consider the different layers of the enterprise architecture (business, information and application levels).

The framework will cover:

- drivers for change within the organisation ;
- repeatability of processes and quality management ;
- data and metadata management practices ;
- reusability of software and extent to which open-source and software and state-of-the-art technologies are used ;
- open data dissemination ;
- use and integration of key statistical modernisation standards such as GSBPM, SDMX and DDI ;
- organisational capacity to adapt to emerging trends and technologies in statistical production.

The output of this task is a document describing a structured analysis framework including dimensions and criteria against which the progress of statistical modernisation of Pacific NSOs will be evaluated. The framework will be validated with the Statistics for Development Division to ensure it is consistent with the Strategic Framework for Pacific Statistics 2022-2030, and relevant

to the future development of a statistical modernisation roadmap for the Pacific Statistics System.

### **Task 2: Overview of Pacific NSOs**

The objective of this task is to produce a high-level evaluation for all Pacific NSOs, covering the different dimensions of the statistical modernisation progress framework developed for the project.

Several sources of information will be used to provide this overview:

- Information will be collected from staff of the Statistics for Development Division, who are in contact with most NSOs in various areas such as data collection, thematic domains or dissemination, and who have run consultations on other topics in the past years.
- Public sources such as websites and publications from which relevant information can be obtained for the criteria defined in the statistical modernisation progress evaluation.
- A questionnaire developed to cover the different dimensions of the statistical modernisation progress framework developed for the project.

The consultant will administer the developed questionnaire to the target NSOs, which are the 22 Pacific Island Countries and Territories that are members of the Pacific Community. This will involve:

- Coordinating with NSO representatives to ensure high response rates.
- Providing support and clarification to respondents to ensure accurate and comprehensive data collection.
- Implementing strategies to ensure that the survey reaches a representative sample of the region's statistical organisations (f.i. regarding the coverage of different Pacific sub-regions and having NSOs of different sizes). Data from at least 11 countries is expected.

This task will result in a document providing an overview of the progress of statistical modernisation for all Pacific NSOs in scope, with detailed information on the sources of information used.

### **Task 3: Detailed case studies of selected NSOs**

Building on the overview of Pacific NSOs produced, the Statistics for Development Division will select a subset of five Pacific NSOs for which the consultant will perform an in-depth case-study analysis. These case studies will focus on NSOs at different stages of statistical modernisation, providing insights into the various challenges and successes across the region.

The consultant will:

- Conduct interviews and in-depth surveys with key personnel from the selected NSOs to gather detailed insights into their statistical production processes.
- Analyse the specific factors contributing to the strengths and weaknesses of selected NSOs, including organisational structure, availability of resources, technology use, data management practices, adherence to international standards, etc.
- Identify successful strategies and practices that can be shared as best practices across the region.

The output of this task will be a document containing detailed case studies for selected NSOs, providing a nuanced view of the modernisation landscape and highlighting actionable insights for other NSOs in the Pacific region.

### **Task 4: Analyse collected data and present the results**

The consultant will conduct a thorough analysis of the data collected during the project, for the development of the overview of Pacific NSOs and for the detailed case studies.

The analysis will focus on:

- Identifying trends, strengths and weaknesses in the current statistical processes and systems.
- Benchmarking the progress of statistical modernisation in different NSOs based on the available information.
- Highlighting areas where improvements can be made, particularly in adopting best practices and modernisation strategies.
- Assessing the readiness of NSOs to implement new technologies and methodologies.

The consultant will compile the findings into a comprehensive report outlining the findings, including statistical data visualisations and key insights, and present the results to key stakeholders.

This will involve:

- Preparing a presentation summarising the key findings.
- Facilitating a workshop or meeting to discuss the findings and gather feedback.
- Developing actionable recommendations that NSOs can implement to enhance their modernisation efforts.

The output of this task will be a final report and presentation, including an executive summary, detailed findings, and a set of tailored recommendations for each participating NSO.

## Timelines

The consultancy is expected to be completed within four months from the start date, with the following key milestones:

- Month 1: Inception meeting and definition of the framework.
- Month 2: Overview of Pacific NSOs.
- Month 3: Detailed case studies of selected NSOs
- Month 4: Analysis and presentation of findings.

## Reporting and contracting arrangements

The contractor will work under the direct supervision of Mr Denis Grofils, Statistics Advisor Process Modernisation at the Statistics for Development Division of the Pacific Community. Project meetings will be held to monitor progress.

The work will be desk-based at the consultant's usual work location. No travel will be required.

## Skills and qualifications

The successful contractor will have:

- Education:
  - A university degree in statistics, mathematics, IT or a related discipline.
- Knowledge and experience:
  - At least 10 years of proven experience in data and metadata management in the fields of official statistics.
  - Extensive experience in statistical concepts, data collection and analysis techniques.
  - Demonstrated expertise in using and implementing statistical standards, such as GSBPM, SDMX and DDI, with a focus on supporting the modernisation the production architecture of statistical organisations.
  - Computer literacy, in particular as it relates to modernising statistical production processes.
  - Familiarity with the Pacific region's unique geographical, economic, and statistical systems is an advantage. Experience working in or supporting statistical agencies in small island developing states (SIDS) is highly valued.
  - Excellent interpersonal skills, with a strong ability to collaborate and work effectively in a multicultural environment, including partnerships with regional agencies involved in statistical development.
  - Proven ability to work with diverse stakeholders and communicate clearly and effectively.
  - Strong time management skills, ensuring the ability to meet deadlines and deliver high-quality results within the agreed timelines.
  - A thorough understanding of the ToRs and the specific outputs required for this consultancy.

### Scope of Bid Price and Schedule of Payments

The contract is lump sum payments based on deliverables of the 4 tasks.

The bidder must include all costs including professional fees, management and operating costs, and any other administrative costs in the contract price.

SPC shall make payments to the contractor according to the following payment schedule and associated milestones:

Milestone/deliverables	Deadline	% payment
Document describing a structured analysis framework including dimensions and criteria against which the progress of statistical modernisation in Pacific NSOs will be evaluated.	+1 month	20%
Document providing an overview of progress of statistical modernisation for all Pacific NSOs in scope, with detailed information on the sources of information used.	+2month	25%
The output of this task will be a document containing detailed case studies for selected NSOs, providing a nuanced view of the modernisation landscape and highlighting actionable insights	+3month	25%

for other NSOs in the Pacific region.		
The output of this task will be a final report and presentation, including an executive summary, detailed findings, and a set of tailored recommendations for each participating NSO.	+4month	30%
<b>TOTAL</b>		100%

## Part 4: PROPOSAL EVALUATION MATRIX

### 4.1 Evaluation criteria & Score Weight

A two-stage procedure will be utilised to evaluate the proposals, with evaluation of the **Technical proposal** being completed prior to any **Financial proposal** being opened and compared.

The competencies which will be evaluated are detailed in [Part 3](#).

The evaluation matrix below also reflects the obtainable score specified for each evaluation criterion (technical requirement) which indicates the relative significance or weight of the items in the overall evaluation process.

The technical component, which has a total possible value of 700 points, will be evaluated using the following criteria.

Evaluation criteria	Score Weight (%)	Points obtainable
<b>Mandatory requirements</b>		
a) Bidder's Letter of Application (Annex 1) b) Conflict of Interest Declaration (Annex 2) c) Information about the bidder and Due diligence (Annex 3) d) Technical proposal submission form (Annex 4) e) Financial proposal submission form (Annex 5) f) Business registration D Professional insurance		Bidders will be disqualified if any of the requirements are not met
<b>Technical requirements</b>		
A university degree in statistics, mathematics, IT or a related discipline	10%	70
At least 10 years of proven experience in data and metadata management in the fields of official statistics.	20%	140
Extensive experience in statistical concepts, data collection and analysis techniques.	20%	140
Demonstrated expertise in using and implementing statistical standards, such as GSBPM, SDMX and DDI, with a focus on supporting the modernisation the production architecture of statistical organisations.	20%	140
Computer literacy, in particular as it relates to modernising statistical production processes.	10%	70
A thorough understanding of the ToRs and the specific outputs required for this consultancy.	20%	140
<b>Total Score</b>	<b>100%</b>	<b>700</b>
<b>Qualification score</b>	<b>70%</b>	<b>490</b>

## **4.2 Financial evaluation**

The financial component of the proposal will be scored on the basis of overall costs for the delivery of the services and financial incentives and benefits provided to SPC. The lowest financial proposal will be awarded maximum 300 points and other financial offers and incentives will be awarded points as per the formula below:

$$\text{Financial Proposal score} = (\text{Lowest Price} / \text{Price under consideration}) \times 300$$

## Part 5: PROPOSAL SUBMISSION FORMS

### Annex 1: BIDDER'S LETTER OF APPLICATION

Dear Sir /Madam:

Having examined the Solicitation Documents, the receipt of which is hereby duly acknowledged, we the undersigned, offer to supply the required services for the sum as may be ascertained in accordance with the Financial Proposal attached herewith and made part of this proposal.

We acknowledge that:

- SPC may exercise any of its rights set out in the Request for Proposal documents, at any time;
- The statements, opinions, projections, forecasts or other information contained in the Request for Proposal documents may change;
- The Request for Proposal documents are a summary only of SPC's requirements and is not intended to be a comprehensive description of them;
- Neither the lodgement of the Request for Proposal documents nor the acceptance of any tender nor any agreement made subsequent to the Request for Proposal documents will imply any representation from or on behalf of SPC that there has been no material change since the date of the Request for Proposal documents, or since the date as at which any information contained in the Request for Proposal documents is stated to be applicable;
- Excepted as required by law and only to the extent so required, neither SPC, nor its respective officers, employees, advisers or agents will in any way be liable to any person or body for any loss, damage, cost or expense of any nature arising in any way out of or in connection with any representations, opinions, projections, forecasts or other statements, actual or implied, contained in or omitted from the Request for Proposal documents.

We undertake, if our proposal is accepted, to commence and complete delivery of all items in the contract within the time frame stipulated.

We understand that you are not bound to accept any proposal you may receive and that a binding contract would result only after final negotiations are concluded on the basis of the Technical and Financial Components proposed.

**For the Bidder:** *[insert name of the company]*

Name of the Bidder's representative: *[insert name of the representative]*

Title: *[insert Title of the representative]*

Date: *[Click or tap to enter a date]*

## Annex 2: CONFLICT OF INTEREST DECLARATION

### INSTRUCTIONS TO BIDDERS

#### What is a conflict of interest?

A conflict of interest may arise from economic or commercial interests, political, trade union or national affinities, family, cultural or sentimental ties, or **any other type of relationship or common interest between the bidder and any person connected with the contracting authority** (SPC staff member, consultant or any other expert or collaborator mandated by SPC).

#### Always declare a conflict

The existence of a potential or apparent conflict of interest does not necessarily prevent the bidder concerned from taking part in a tender process. **However, the declaration of the existence of such a conflict by the persons concerned is essential and allows SPC to take appropriate measures to mitigate it and prevent the associated risks.**

Bidders are therefore invited to declare any situation, fact or link which, to their knowledge, could generate a real, potential or apparent conflict of interest.

#### Declaration at any time

Conflicts of interest may arise at any time during the procurement process or the implementation of a contract (e.g. new partner in the project) or as a result of a change in personal life (e.g. marriage, inheritance, financial transaction, creation of a company). If such a relationship is found and could be perceived by a reasonable person as likely to influence a decision, a declaration of the situation is necessary. In case of doubt, a conflict situation must be declared.

#### Declaration for any person involved

A declaration must be completed for each person involved in the tender (principal representative of the bidder, possible subcontractors, consultant, etc.)

#### Failure

Failing to declare a potential conflict of interest may result in the bidder being refused a contract or placed on SPC's list of non-responsible suppliers.

## DECLARATION

I, the undersigned, *[name of the representative of the Bidder]*, acting in the name and on behalf of the company *[name of the company]*, declare that:

<input type="checkbox"/>	To my knowledge, I am not in a conflict-of-interest situation
<input type="checkbox"/>	There is a potential conflict of interest with regard to my <i>[Choose an item]</i> . relationship with <i>[name of the person concerned]</i> in his or her capacity as <i>position/role/personal or family link with the person concerned</i> ], although, to the best of my knowledge, this person is not directly or indirectly involved in any stage of the procurement process
<input type="checkbox"/>	I may be in a conflict of interest with regard to my <i>[Choose an item]</i> relationship with <i>[name of the person concerned]</i> in his or her capacity as <i>position/role/personal or family link with the person concerned</i> ], as this person is, to the best of my knowledge, directly or indirectly linked to the procurement process
<input type="checkbox"/>	To my knowledge, there is another situation that could potentially constitute a conflict of interest: <i>[Describe the situation that may constitute a conflict of interest]</i>

In addition, I undertake to:

- declare, without delay, to SPC any situation that constitutes a potential conflict of interest or is likely to lead to a conflict-of-interest;
- not to grant, seek, obtain or accept any advantage, whether financial or in kind, to or from any person where such advantage constitutes an unfair practice or an attempt at fraud or corruption, directly or indirectly, or constitutes a gratuity or reward related to the award of the contract;
- to provide accurate, truthful and complete information to SPC in connection with this procurement process.

I acknowledge that I and/or my company and/or my business partners who are jointly and severally bidding on the RFP *[SPC Reference]* may be subject to sanctions such as being placed on SPC's list of non-responsible vendors, if it is established that false statements have been made or false information has been provided.

**For the Bidder:** *[insert name of the company]*

Signature:

Name of the representative: *[insert name of the representative]*

Title: *[insert Title of the representative]*

Date: *[Click or tap to enter a date]*

### Annex 3: INFORMATION ABOUT THE BIDDER AND DUE DILIGENCE

Please complete the following questionnaire and provide supporting documents where applicable.

VENDOR INFORMATION
